The background is a close-up photograph of agave leaves, showing their characteristic pointed shape and sharp tips. The leaves are a vibrant green color, with some areas appearing slightly more yellowish due to lighting. Overlaid on this background are four white circles of varying sizes, positioned at the corners of the frame. The text is centered and rendered in a clean, white, sans-serif font.

The image shows the interior of an underwater restaurant. The space is a long, arched tunnel with a curved glass ceiling and walls, allowing a full view of the surrounding ocean. The floor is made of light-colored wooden planks. A long, vibrant blue carpet with a white wave pattern runs down the center of the tunnel. On either side of the carpet, there are rows of dark wooden tables and chairs. Each table is set with a white plate, a glass of water, and a folded white napkin. The water outside is a deep blue, and numerous fish of various sizes are visible swimming around the structure. The lighting is bright and even, highlighting the interior details and the marine life outside.

DHIGUFARU ISLAND RESORT
MALDIVES

The island itself has very characteristic natural features, making each part of the island quite unique and special in its own way.

Boaku

*Embrace in seclusion
& tranquility*

On the eastern face of the island, is the Boaku, a sheltered beach, shaped like a cove, allowing the formation of a natural pool. The seclusion and stillness of the water inside Boaku, make it the perfect setting to catch the sunrise as well as a secure place to let your children play.

Veli

*Enchanting stretch
of pure white sand*

On the very western face is Veli, a very wide and expansive flat beach of pure white sand, with crystal clear turquoise water that goes on and on, making it the most magnificent & stunning backdrop to view the sunset.

Aanu

*Captivating sound
of breaking waves*

The beach rock goes along the northern edge & length of the island, giving the island its unique shape, character, and natural protection.
